Minutes November 19, 2018

There are no published minutes for November 12 due to technical difficulties. The agenda for today was developed with the group.

Deb shared something from St. Paul's Episcopal Chapel in NYC across from the World Trade Center, A Litany for Social Justice. Deb attended a noon day service and was very moved by this litany. She felt it would be perfect for our group in relation to what we do. Thanks, Deb!
